"Our son has attended the German International School of Houston from age two. We have quite high expectations regarding the social environment and the education of young children. He has immediately felt very comfortable in the school which is largely due to the loving and caring atmosphere created by all responsible persons. We feel that the school strongly promotes his curiosity both in German and in English. Since the school is not very big, the exchange and the community between parents and classmates is very close and friendly. We can only recommend the school to everyone, whether German-speaking or not." August 2018

"We feel so lucky to have found This preschool. All of the teachers are amazing and my daughter is learning so much and has fun while doing it! Class sizes are small and each child gets individual attention. We had some bad experiences with her previous school and how they handled her food sensitivities but GISH has been amazing and we have no worries while she is there! I am impressed at how quickly she has started picking up German and love hearing her sing those songs." June 2018

"We love the school! My daughter did not like going to her previous Montessori school and cried every morning. For the last two years she has been going to the German International School of Houston and is so excited when I drop her off. We even live an hour away from the school and believe the drive is definitely worth it! She adores the teachers and has made wonderful friends from such diverse backgrounds (not only German). She even asks me on the weekends when she wakes up if she gets to go to school today. It warms my heart knowing that she is learning, socializing and growing in a fun and caring environment." The staff is so friendly and well prepared, the school is small, so is perfect for the kids feel comfy and seem like a big family, the location is Beautiful and convenient." June 2018
